TÜV SÜD PSB enters into a strategic partnership with Securelytics SND. BHD to cater to cybersecurity requirements of electrical & electronic industry

Singapore. TÜV SÜD globally has expertise in the cyberthreat landscape and market-specific data regulations that enables customers to release the full potential of their digital future. To further enhance the cyber security portfolio offering to its electrical and electronic customers in Singapore, TÜV SÜD PSB, Singapore has entered into a strategic partnership with Securelytics SDN. BHD.

The signing ceremony was virtually attended by Mr Richard Hong, CEO, TÜV SÜD ASEAN and Mr Muzamir bin Mohamad, CEO, Securelytics. Also present at the occasion were Datuk Seri Badrul Hisham Bin Abdul Aziz, Chairman, Securelytics; Mr Goh Wee Hong, Senior Vice President, Product Service, TÜV SÜD PSB; and Mr Holger Lindner, CEO, TÜV SÜD Global Product Service Division.

TÜV SÜD 's portfolio offering to its electrical and electronic customers now includes Testing, Training, Global Market Access, Common Criteria Evaluation and other IOT related security evaluations. While meeting the current requirements of the customer, the focus of this partnership is to develop competencies to meet the future cyber security and regulatory requirements of the dynamic and fast evolving electrical and electronic industry.
